Join Us in Celebrating 40 Years of Impact

**Danny Dorling** and others will be speaking about how Oxford has changed and the work of the centre.

Donnington Doorstep cordially invites you to an exclusive celebration as we mark four decades of service to our community.

As we commemorate this milestone, we extend a special invitation to colleagues across different sectors in Oxfordshire, whose support has been instrumental in our journey of empowerment and transformation.

Together, let's honour the achievements of the past, celebrate the successes of the present, and envision a future filled with hope and possibility.

If you would like to attend please email:
